

The ones to fail on this

Music: Nicolas Kristoffersen

Lyrics: Nicolas Kristoffersen

G / Am / Em / D

G / Am / C / D

I wonder how they felt like 1000 years ago
I wonder if they were waiting for the mobile phone
I guess we'll never know, what they thought about the future
I know we will never know, what they think we should do.

/CH/

We don't want to be the ones to fail on this
We don't want to be the ones to fail on the future now

I wonder how they felt like 100 years ago
I wonder if they were waiting for the mobile phone
I think we know for sure, they dream about the future
I think they never thought, that this was what we'd do.

/CH/

We don't want to be the ones to fail on this
We don't want to be the ones to fail on the future now

I wonder how they will think 1000 years from now
I guess they will be wondering, why ignorance prevailed.
I think we know for sure, they'll dream about the past and
I think they'll never do, unless destruction 's banned.

/CH/

We don't want to be the ones to fail on this
We don't want to be the ones to fail on the future now
